A small word about packaging

Packing Units (PU)

In order to provide the fastest service and delivery from our warehouse to yours, we will no longer be selling many of our hardware items as single items. The new packing unit - or PU - sets minimum order quantities for certain hardware items. These minimum order quantities will appear next to the item required in one of the below formats.

PU

Quantities outside of these packing units will be allowed but extra costs will be incurred to pack down.

To get a quote on smaller packing units contact either our sales office or your sales consultant and they will be provided for you.

Because the best service is our goal

Regards

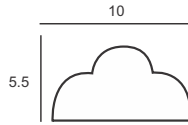

Grant Larson
